Washington, June 12.—Fort Riley, Kansas and Des Moines, Iowa, were added by Secretary Baker today to the list of approved sites for divisional cantonments of the national army.

WILL DINE PERSHING AND STAFF

(Associated Press Cable)
London, June 12.—The elaborate plans that had been made for the entertainment today of the enlisted men in General Pershing's party were cancelled this morning because of a military order that all of the men report at a local hospital for inoculation, which would occupy the entire day.

The Government's dinner to General Pershing and his staff this evening, at which Premier Lloyd George will preside, completes the social program for the party in this country.

BELGIAN FRONT QUIET BRITISH CONFINING OPERATIONS TO RAIDING

Germans Send Out Expeditions Against British Lines Which Are Repulsed at all Points, the British Taking Many Prisoners.

BRITISH CAVALRY PROVES EFFECTIVE NOTWITHSTANDING HEAVY LOSSES

French Front Inactive Save For Scattered Artillery Fire. Italian Advance Begun Sunday Interfered With by Bad Weather.

(By Associated Press Dispatch)

There is again a lull on the Franco-Belgian front. The British, after capturing yesterday a additional mile of trenches west of Warneton, in the Belgian sector, confined themselves last night to raiding operations.

The Germans, for their part, sent out expeditions against the British lines at several points in this area, but these were repulsed by the British and some prisoners taken.

According to Berlin's account of the fighting around Messines yesterday, a British cavalry force was sent into action there. Only remnants of the force returned to the British lines, the German report declares.

On the front occupied by the French, there was inactivity except for scattered artillery fire.

The Italian advance begun Sunday in the Trentino was not pushed further yesterday. The Rome official bulletin says that adverse atmospheric conditions interfered with the operations.

SEVENTY-NINE AIRPLANES LOST BY THE GERMANS

Berlin, Via London, June 12.—(Associated Press Cable)—During the month of May, the Germans lost 79 airplanes, while the Entente Allies lost 262 machines, says the official statement issued today by the German Army Headquarters Staff.

The statement says that 114 Entente airplanes fell behind the German lines, and 148 British and French machines were forced down within the Entente positions.

GENERAL PLAN OHIO BRANCH FOR NATIONAL DEFENSE WORK OUTLINED BY GOVERNOR COX

Columbus, O., June 12.—(Associated Press Dispatch)—Governor Cox will outline a general plan for the initial work of the Ohio branch of the Council of National Defense at its first meeting, this afternoon, upon which he has been working for weeks.

He will suggest immediate attention to transportation and a food survey of the state. As a means of getting at the transportation problem, he will propose the appointment of a commission of two or three members to go to Washington for conferences with Government experts on detail matters.

He will urge that the Ohio branch petition the Government to handle the transportation problem by zones, instead of by states, with a Government expert in each zone to cooperate with railroad officials, with a general plan of moving traffic by preference, giving munitions, foodstuffs and coal preference over other shipments.

He will suggest a division of the Ohio council into groups, each to have some particular phase of the council's work to see after. These groups will be classified as finance, food supply and conservation, labor, mining, publicity and transportation.

The Governor will tell the council members that a greater portion of \$250,000 appropriated for just such an emergency will be available to carry out the work of the council.

"Reports will be made," said the Governor in outlining his suggestions to the council "probably by Chairman W. O. Thompson or Secretary Wheeler of the Agricultural Department of the Ohio branch of the council, on what has been done in the way of promoting the increasing food production. We expect a general discussion as to future activities."

FAMILY IS PROUD OF GUNNER W. J. CLARK WHO SUNK U BOAT

WILLIAM J. CLARK

William J. Clark of 81 Wells avenue, Jamaica, N. Y., turret captain of the dreadnaught Arizona, was in command of the armed guard on the American oil steamship Silver Shell which sank a German submarine. He may be promoted, Secretary Daniels said.

Clark and his crew sank the submarine after a running fight in which more than sixty shots were fired.

"I only wish I could go and fight by Will's side," said Mrs. Clark when told of her husband's feat. Both of us come of fighting stock, and I guess they can't say we are not doing our bit for our country.

"Will has been in the navy since he was seventeen, and he is thirty now. Two of my brothers, Charles and John True, joined the navy two months ago. Walter, Will's brother, is in the United States marine corps, and Frank, another brother is a member of the Massachusetts national guard. My father was in the navy twelve years.

"When Will comes home we'll try to get up a family reunion and have all our soldiers and sailors here who are not on duty. My husband's term of enlistment expires next November, but do you suppose he would retire now? Well, I guess not! And if he tried it I wouldn't let him."

AMERICAN STEAMER SENT DOWN

One Boat and Eighteen Men Saved.

Two Boats and Number of Men Missing.

By Associated Press Dispatch.

Washington, June 12.—The American steamer Petrolite has been sunk by a German submarine.

Consular reports which brought the news of the disaster today said one boat, with eighteen men the third mate and the chief engineer, had been landed, and two boats, with an unstated number of men were missing.

The time and place of the attack were not given in the dispatches.

The Petrolite, a tank steamer, first figured in the news nearly two years ago, an attack upon her by an Austrian submarine threatening diplomatic relations between the Vienna Government and the United States.

The ship was shelled by the submarine and some men aboard her were wounded. The submarine sent a crew aboard the vessel and removed a large quantity of supplies. She was then permitted to proceed.

The incident was the subject of a series of notes between the United States and the Austrian Governments.

SUR TAX REDUCTION IS URGED

By Associated Press Dispatch.

Washington, June 12.—Further reductions of sur taxes on incomes above \$40,000 to less than the original House rates were urged in the Senate Finance Committee today by Senators Penrose and Lodge, during consideration of the war revenue bill.

Discussion of administrative questions in the income tax question delayed the committee today; so it deferred action on the Penrose-Lodge amendment for a further reduction of rates upon incomes and did not reach the publishers' tax.

RUSSIAN BASES ARE ATTACKED BY TEUTON SEAPLANES

(Associated Press Cable.)

Berlin, via London, June 12.—An attack by German seaplanes on Russian bases at Libau and Arsenberg, in the Baltic, is announced by the Admiralty. The statement continues:

"Part of the military buildings were almost destroyed by fire. Our seaplanes returned undamaged."

STANDARD OIL

By Associated Press Dispatch.

New York, June 12.—The Petrolite, a vessel of 3,710 tons, owned by the Standard Oil Company of New York, left here April 30 for Savona and Leghorn, Italy.

The vessel was in command of Captain Thomas H. McKelium and carried a crew of thirty-eight men, of whom ten were Americans. The ship was armed and carried a gunner's crew.

FOOD BILL HITS SNAG

By Associated Press Dispatch.

Washington, June 12.—Administration efforts to finish up the first food bill struck another snag in the House today.

This time former Speaker Cannon insisted on being informed about the Senate amendment before permitting the bill to go to conference.

The Senate has already passed the measure, which now awaits the reconciliation of differences.

ITALIAN COMMISSIONER

Rome, via Paris, June 12.—(Associated Press Cable)—A High Commissioner to the United States will be appointed shortly by the Italian Government.

His task will be similar to that of the French High Commissioner, Andre Tardieu.

MUSIC, ART AND DOMESTIC SCIENCE TO BE RETAINED

Miss Elizabeth Sheen, Miss Irene VanHynning and Miss Marie Groves Have Been Re-engaged for Next Year.

At a meeting of the Board of Education last night, it was decided to retain the special courses of study in connection with the city schools, which seemed in danger of being dropped from the curriculum, a few weeks ago.

Miss Sheen will be music supervisor;

NOTHING BEATS OLD FAYETTE

Mr. Charles Allen returns from New York, where he attended the Fessing-Tipton Horse Sale in Madison Square Gardens, brim full of enthusiasm for Fayette county. He made the trip home through the far-famed Shenandoah Valley and proves his loyalty to Fayette as the "garden spot" by saying: "I'd rather have one acre in Fayette than a whole farm in the Shenandoah. I didn't see any such crops out there as I see right here."

The New York sale doesn't seem to have much to boast of either to the initiated who remember the day the hobble pacer St. Patrick McGregor brought a fancy price at the local horse sales—a price \$300 above the banner price of a hobble pacer in the New York sales.

Mr. Allen found food prices surprisingly low in New York, compared with prices out here and business moving in along in the usual channels, with no evidence of disturbance.

Renick Allen motored over to Chillicothe to meet his father upon his return.

CHAUTAUQUA ON SCHOOL GROUNDS

The Chautauqua in this city, which begins next Sunday, will be held on the Central School grounds, as last year, with general entrance on the Paint street side of the grounds.

The tent will arrive here within the next few days and all arrangements made for erecting the "big top" and getting things in readiness for the biggest chautauqua ever held in the city or in this section of the state.

Mr. Eugene Ford, advertising superintendent for the chautauqua, is now in the city looking after publicity work.

Mr. W. B. Leavelle will superintend the chautauqua, and Miss Ruth Carls will have charge of the Junior Chautauqua work. The big pageant to be held in connection with the opening of the chautauqua will be in charge of George Shaw.

Tickets for the big week's entertainment are selling rapidly.

SONG TO BE SUNG AT ENCAMPMENT

Mr. Earl Binas went to Akron, where the state encampment of the G. A. R. is being held this week, to introduce Miss May Duffee's son "Ohio," and book of patriotic poems. He will not return before the end of the week.

BUY A LIBERTY BOND NOW.

FRANK M. ALLEN STIRS AUDIENCE WITH ADDRESS

Frank M. Allen of this city, who is visiting his brother, I. M. Allen, in Kalida, Ohio, was one of the speakers for the Registration Day celebration in that town.

All business places were closed, a band concert was given on the square and a patriotic rally was held in the town hall.

The "Kalida Record" says in part of the demonstration:

"Rev. Snow made a few patriotic remarks, and the newly purchased flag was placed over the town hall. Mr. Frank M. Allen, of Washington C. H., a brother of I. M. Allen, and a veteran of the Civil War, made a stirring address and recited a patriotic poem."

ROSS COUNTY CHAPTER RED CROSS ORGANIZED

The wave of Red Cross activity which has been spreading over this section during the last few weeks has reached Chillicothe.

The Scioto Gazette comments upon the work there as follows:

Friday an all day meeting of the Red Cross Society was held in the lecture room of the Presbyterian church, with a large attendance.

Most of the time was taken up by appointing committees and in making other arrangements to get the society in working order.

The Presbyterian church was made the permanent meeting place, and Miss Josephine Brundige, Mrs. A. C. Ireland and Mrs. S. C. Lightner were appointed to attend the Red Cross meeting in Chillicothe next Wednesday, to get instruction for knitting and making hospital supplies.

Twenty-five new members have been added to the roll since Tuesday, making a total of 82 up to date.

REV. F. M. MOORE HAS NEW CHARGE

Rev. F. M. Moore, former pastor of the Presbyterian church at Bloomingburg, but for the past year or two pastor of the Presbyterian church at Southport, Indiana, has accepted the pastorate of the McKinley Avenue Presbyterian church in Vincennes, Indiana, and moved to that city.

Rev. Moore Monday afternoon joined Mrs. Moore at the home of friends in Bloomingburg, and Tuesday morning they departed for their new home.

It will be pleasing to Rev. Moore's host of friends in this city and county to know that a Boston publisher, reading one of Rev. Moore's poems in The Christian Herald, has written him that he will publish a volume of the poems, and this will probably be done in the near future.

A number of the poems have been printed in The Herald during recent months.

SUFFERS SERIES OF MISFORTUNES

George Zimmerman, during the past three months, has had more trouble than the average man has in a lifetime.

Early in March the Bookwalter tornado destroyed some of Mr. Zimmerman's buildings and did other damage to his farm. Later his barn and contents, including 2,000 bushels of corn, was burned to the ground.

A few days ago Mr. Zimmerman was stricken with appendicitis and was rushed to the Hull hospital, in Springfield, where he underwent an operation and is now rapidly recovering.

Mr. Zimmerman believes this is the last of his series of misfortunes.

S. S. SERIES TO OPEN THIS EVENING

This evening at 6:15 o'clock, the first game of the Sunday School League series will be played between the Methodist and Christians at the Old Fair Grounds diamond.

Manager McFadden of the Methodists and Manager Weyer of the Christians both say that their teams are in the pink of condition, and a good contest is expected.

The lineups have not been announced.

MORE CANDIDATES FILE FOR CONTEST

A number of new candidates for various city offices have filed their nomination papers with Clerk of the Elections Board, Geo. A. Gregg, during the past day or two.

H. C. Shoop has filed on the Republican ticket for Mayor, Troy T. Junk, on the Republican ticket, has filed for city solicitor W. M. DeWees the present city treasurer, has filed for reelection.

Mayor John Oster, Jr., announced Tuesday that he would again be a candidate, and that his nomination papers would be filed later in the day.

FARMERS PLEASED WITH SUNSHINE

The past two or three days have been more to the liking of humanity in general than the continued rains of the past few weeks, and throughout the county, where conditions permit, the work of cultivating the corn is under way.

The corn, in the low and improperly drained lands, has suffered from excess of rain, but taken as a whole the crop has not been damaged to any marked degree.

On the other hand the cool, wet spring has been just what the wheat crop required for proper development and the oats, barley, spring sown timothy and clover have been benefited by the unusual weather.

Gardens have not suffered seriously.

MRS. MARY CROSIER UNDERGOES OPERATION

The distressing word reached Mrs. Alice Card and Mrs. Joe S. Wilson Tuesday morning that their sister, Mrs. Mary Crosier, had undergone a serious operation at a Chicago hospital at four o'clock Monday afternoon and her condition was grave in the extreme.

Mrs. Crosier's two daughters, Mrs. Willis Stutson, of Chicago, and Mrs. Fred Slagle, of Ann Arbor, Mich., were both with her.

The utmost sympathy goes out to the daughters and sisters during these times of anxious suspense.

FORECLOSURE SUIT IN COMMON PLEAS

In the court of common pleas, M. S. Daugherty, Ruth Westerfield and Jess H. Millikan, Tuesday filed suit against Richard Jackson and Susan Jackson on a promissory note for \$3,000, asking interest at 6 per cent from January 21, 1914 and foreclosure of mortgage on certain property in this city to satisfy judgment.

The plaintiffs also ask that P. E. Decatur, who has a lien on the property in question, set up his claim, and that the property be sold to satisfy claims of plaintiffs. Post & Reid represent the plaintiffs.

OLDER RESIDENT OF BLOOMINGBURG DIES

Chauncey Noble, aged 61 years, died Tuesday morning at his home in Bloomingburg, from pneumonia.

Mr. Noble was born and raised in this county, where a large acquaintance will learn of his death with regret and much sympathy for his family. He is survived by a widow and four children, Mrs. Clarence Edwards, Carlos, Effie and Mary Noble.

Funeral announcement will be made later.

NEW VULCANIZING PLANT TO OPEN

Within the next few days Julian E. Kier will open a vulcanizing plant with The Ortmann Motor Company and will be equipped to do all kinds of vulcanizing from the most simple to the most complex.

Mr. Kier will use the Akron Williams equipment. He recently completed a special course in the Akron Tire Repair School.

MARTINSBURG MAN OPERATED UPON

Mr. Bert Johnson, of near the New Martinsburg community, underwent a serious operation at the Fayette Hospital, Tuesday morning. Drs. Stitt and Todhunter performing the operation.

Mr. Johnson was suffering from gall stones. Mr. Elmer Klever brought him in his ambulance from New Martinsburg.

MARRIED

A license to wed was issued in Pickaway county, this week, to James E. Inlow, of this city, and Croa Elizabeth Rinehart. Rev. W. C. L. Correll was the officiating minister.

FINDS UNUSUAL OPPORTUNITIES

Norma Talmadge in the picture production of "Panthea," one of the series of big features showing at the Colonial Monday and Tuesday nights and matinees, is one of the notable successes of the season in photoplay—the beautiful young film star has unusual opportunity to show her dramatic and emotional power, although with all her magnificent acting in these parts, she is especially the audience's own favorite in the fascination and vivacity of the lighter parts.

The play holds the audience in its tense grip from the moment Panthea appears as a famous pianist in Moscow. From out of the dark shadow of Russia and the persecution of Baron de Duisitor emerges the triumphant love of Panthea and her husband the young English composer, Gerard.

The cast of players throughout is superlative. Roger Lytton plays the Baron, the popular Earl Fox, Gerard Mordant and George Fawcett the Prefect of Police.

Of course the play is drawing record breaking houses.

The Liberty Bonds Subscriptions

The total subscription for the liberty bond issue has not reached the maximum which officials hoped it would and had a right to hope it would at this time.

The people are tardy, very tardy, in enlisting in this very important branch of the national service.

There is absolutely "no end" of money in the United States and never was the prosperity so generally distributed. People of all classes in all walks of life are prosperous these times. More prosperous perhaps, than ever before in the history of the country and that very fact is perhaps the reason for the tardy subscription to the liberty bond offer.

People are inclined to think that their prosperous neighbors will over subscribe the issue and neglect taking action themselves. That reasoning is not only erroneous, it is unpatriotic. Every one should concern himself about doing his bit for the nation.

People are not justified in "supposing" that others will do more than their share and thereby relieve them of the necessity of doing their own "bit."

The time is growing short and the subscriptions to the liberty loan bond issue are woefully behind—the campaign is dragging—and its up to every one of us to get busy.

Have YOU done your part?

The Red Cross

The Red Cross is one of the most efficient and worthy of the many organizations, having for their purpose the doing of good—aiding humanity. The Red Cross is not a new organization—it has not sprung into existence in response to the great need of the hour. It has lived for years and grown in favor—it has expanded and reached out, in times of peace as well as in times of war. It is not confined to any nation or to any continent, its field of service is as wide as the needs of humanity and that means as wide as the universe. Its purpose is as boundless as the impulse of human sympathy. Wherever and whenever men in their distress call for aid the Red Cross answers. The organization is an established working force in the world.

Right now in order that the Red Cross can go on with the work of binding up the wounds of humanity in these times of world wide distress, it is necessary that its facilities be increased—that its membership be enlarged and its financial resources augmented. It needs members and money to carry forward the great work of doing good. The campaign for membership is on all over the world and every where the strength of the Red Cross is being increased.

Washington and all the cities and towns of this section are conducting campaigns in behalf of the Red Cross.

There need be no hesitancy in placing unlimited means in the hands of the Red Cross. It is a seasoned organization and will endure as an efficient working force after the world war ends unless in all the world the last impulse of human sympathy is blotted out.

There are many splendid organizations doing noble work but none of them are better than the Red Cross.

"Fat Plums."

One of the able editorial writers of the state has commented upon the "shaking of the Plum Tree" and "More Fat Plums Fall" head lines used by the daily papers in announcing federal and state appointments made during the past week.

That incident is used as the pivot upon which revolves a request for the abolition of these "fat plums" from political control. That request always has been and perhaps always will be popular so long as we have public positions handed out as rewards for political services rendered. The people will object and many editorial writers especially those of partisan papers will encourage the dissatisfaction too often neglecting to call attention to the fact that there are no "fat plums" in the public service to men who are able and conscientious. Public servants if they are competent to fill the posts of duty to which they are called are almost always underpaid. The state of Ohio is downright penurious in the salaries paid public servants. The salary is too small in most instances to justify a man of ability and integrity in giving his services to the state.

The truth about the whole matter is that the "fat plums" talk arises from the fact that the people object to the political spoils system. We have progressed, in thought at least, beyond that system. Knowing the capabilities of the men too often chosen—the ones who are attracted by salary figures only—we are, quite naturally, inclined to think public officials are overpaid. In a measure, unfortunately, that's true too. But the remedy is not in the reduction of salaries or the placing of services but in the removal of the whole appointive portion of the public service from the spoils system.

Poetry For Today

THE FLAG FIRST.

There's never a plan
In the mind of man
Nor a dream of joys to be,
But it must depend
For its happy end
On the Flag of Liberty.

For the hills you brave
And the gold you save,
And the splendid deeds you do
Shall lose their worth
On this good old earth
If the Flag sinks out of view.

If the Flag should die
Then our wealth would fly
And our fame would quickly fade.
For that banner holds
In its silken folds
Every joy that our hands have made.

For our work to count,
For our joys to mount,
For the peace of all who love us,
For our baby's smile
And all things worth while,
We must keep the Flag above us.

MINE VICTIMS LAID TO REST

By Associated Press Dispatch.

Butte, Montana, June 12.—More than a score of funerals passed through the streets here today, carrying to the grave victims of last Friday's fire in the Granite Mountain and Speculator Mines of the North Butte Copper Mining Company.

A total of 109 bodies have been taken from the mine, and 62 are believed to be still inside, making a total of 171 dead. Thirty-one men have been rescued alive.

WHOLE FAMILY IN THE SERVICE

By Associated Press Dispatch.

Washington, June 12.—War Department records today disclosed a remarkable piece of family patriotism. Three sons of a Tampa, Florida, family are enrolled respectively in the Regular Army, the Aviation Corps and the Officers' Training Camp at Fort Oglethorpe, Ga.

The mother and daughter, the rest of the family, are preparing to join the Red Cross and, in addition, the mother has offered all her property, consisting of 200 acres of land, to the Government for any purpose.

V. J. DAHL MAY BE MAYORALTY CANDIDATE

At a meeting of a number of prominent Democrats, Monday evening, steps were taken to place in nomination a number of candidates, one for each of most of the offices in the city, and with this in view the petitions are now in circulation and will soon be filed.

V. J. Dahl is on the petitions for the nomination for Mayor, and filed his nomination papers Tuesday afternoon.

AGAIN DELIGHTS GOOD AUDIENCE

The St. Andrews players again delighted a highly appreciative audience at the High School Auditorium Monday night in the Oscar Wilde play, "The Importance of Being Earnest."

If possible the talented bunch of players did even better work than at the first performance and everyone who saw it expressed the hope that it was only the forerunner of future successes under the masterly direction of Rev. David M. Barry.

The audience was larger than that of the first night and netted a gratifying sum for the National League for Woman's Service.

B. & O. NEEDS BIG FREIGHT SIDINGS

An unconfirmed rumor in railroad circles is that in the near future the B. & O. railroad will build additional yardage in this city or just outside the city, where 2,000 additional freight cars can be handled or placed for storage when necessary to leave them for any length of time.

With the arrival in this city of C. H. & D. coal trains and other freight to be sent over the B. & O. to Cincinnati or points east, the necessity of increased yardage becomes keenly felt by the B. & O., which now owns the C. H. & D. and will take steps to consolidate the two roads at this point so that C. H. & D. and other freight can be disposed of without blocking the frequently used transfer track.

It is understood that the B. & O. is seriously contemplating the extension necessary for properly handling all freight and for shifting trains where necessary to wait for other trains.

Since obtaining possession of the C. H. & D. the B. & O. will be more active in the work of uniting the two systems.

STATE ALFALFA MEETING

The Annual State Alfalfa meeting will be held at Marion, Ohio, Saturday, June 30, on the farm belonging to Dr. C. E. Sawyer. This farm is up-to-date in every respect and the Alfalfa is looking fine.

Rev. Father Lee of Notre Dame University, C. G. Williams of the Ohio Experiment Station, H. C. Price of Newark, O., and Dr. C. E. Sawyer will speak.

This farm can be reached from Columbus by the C. D. and M. Traction Line or by the Hocking Valley or Pennsylvania Railroads.

FORMER PASTOR RETURNS HOME

Rev. S. B. Alderson left for Topeka, Kansas, Tuesday. Both his visit and the splendid sermon preached with all his former ability at the First Presbyterian church Sunday night were fully appreciated by former parishioners and the friends of other churches.

DENTAL OFFICES CLOSE.

All dental offices of the city will be closed all day on Wednesday, during the months of June, July and August.

THE Fayette County Fish and Game Association deserves the support of every man in Fayette County. It is big enough and broad enough for all. In founding it no ancient tomes of history were searched for precedents. No hard and fast rules were laid down for its future members. Its one object is to bring its members into closer touch with Nature, and with Nature's God. Who can say that in doing this, it has not done all.

LOCAL MAN NAMED FOR HIGH PLACE

Many personal friends in this city and county will be gratified to learn that a former Washington man, Mr. Walter Robinson, has received merited recognition and been very substantially promoted in the service of the state.

For more than seven years now Mr. Robinson has been an assistant in the actuary division of the State Insurance Department. So efficient has been that in the political changes of the state administration he has remained in service.

Several weeks ago Prof. Stillwell the head of the actuary division resigned to accept a similar position with the Western and Southern Life Insurance Company. He recommended that Mr. Robinson be named as his successor. The then Insurance Commissioner, Judge Taggart, although a republican joined in that request to Governor Cox.

Pending the appointment of a superintendent of Insurance, however, Governor Cox did not make any appointment.

About ten days ago the new Insurance superintendent W. H. Tomlinson was appointed by Governor Cox and today the appointment of Mr. Robinson as head of the actuary division was announced.

Besides being highly complimentary to Mr. Robinson the appointment carries with it the very substantial salary of \$3000 per annum.

ALL READY FOR THE BIG PICNIC ALL DAY TOMORROW

Fayette Fish and Game Protective Association Will Make Merry at Cedarhurst—Gen. Speaks and Others Coming—Picnic Pickups.

The stage is all set. Tomorrow, Wednesday, June 13th, is the time of the annual picnic of the Fayette Fish and Game Association, and as a result of taking the majority of the business and professional men, it will be more or less of a holiday in the city and county.

And the stage is all set for the big event. All that is wanted is favorable weather, and the energetic committees will do the rest toward a royal time.

The grounds at Cedarhurst are rapidly being put in condition for the various contests. Chairman Auburn Duff of the horse shoe pitching contest has arranged ten courts so that 20 contestants may pitch at the same time.

Ellis Daugherty of the revolver and the rifle contests has a range about

half way down the high bluff where the cliff will back up the targets making an accident impossible.

The trap shooting under the direction of Earl McLean will have two new Expert traps which the Association has just purchased. These traps are the latest and best made and will allow the shot gun men to "kill" a lot of clay pigeons.

Chairman Orme Brown will lay out the casting court, with reference to light and shadow of the trees. This contest commences directly after dinner.

The question as to how motor cars can be parked was figured out today by the auto committee and the north and west sides of the 17.3 A will accommodate 372 cars.

George Sunkle has the big contract for furnishing the refreshments and he announces that nobody need go hungry for lack of well cooked ham, sausages, etc., with special reference to a shipment of fine Lake Erie fish which will be cooked to order. Frank Reichert will have charge of the Coca-Cola, pop and lemonade and will haul down a big truck load. All the profits go to the treasury of the Association.

The water may clear in time to give the bass fishermen a chance at the big ones that lurk in Cedar Hole but if not assurance is given by old time fishermen that the cat fish can be persuaded to bite and there are some record breakers in the creek at this point.

New and prospective members will be welcomed and the secretary and assistants will have application cards.

General Speaks and his assistant, A. C. Baxter, have sent word that they will motor through with several Columbus Fishermen. President R. H. Schryver will head a party of the Mt. Sterling Fish and Game Association and a delegation from the newly organized association at Greenfield has accepted an invitation to be present. The Anglers Club of Ross county will send several representatives.

The \$50 worth of prizes displayed in Craig Bros. window are attracting attention. The money for their purchase was contributed at the annual banquet last February.

In order that the program may move as scheduled, a prompt start will be made from in front of the Y. M. C. A. at eight a. m.

June 10-16 Recruiting Week For "First to Fight" Corps

The United States marines, with the help of representative men and women patriotic organizations, state and municipal governments, professional, educational business interests planned an extraordinary recruiting effort during the week of June 10 to 16 for the purpose of promptly bringing up to war strength the marine corps, the soldier branch of the navy, the nation's first line of defense. Four thousand men are wanted. A statement by the secretary of the navy says: "There are no better soldiers in the world than those in the United States marine corps, familiarly known as 'soldiers of the sea.' They have won their place by their splendid bearing courage and bravery. Always among the first, and often the first, to land whenever the country needs trained, armed men, they have borne themselves in such a manner as to win complete admiration and fullest confidence of the

American people. Service in the Marine corps is a badge of honor, and promotion in the corps can be attained only by merit. In no other military service is promotion more certain to a man who demonstrates his capacity.

"Young men with real American stuff ready for service in all parts of the world on land and sea will find in it a place where they can serve their country in a way to win its gratitude with the opportunity of winning distinction for themselves." Colonel Roosevelt says: "There is no finer body of men in the world than the United States marine corps. It has behind it a record of generations of honorable service in war to the country. It is a badge of honor for any man to have served in it. In this crisis every young American of the right sort should jump at the chance to get in the marines."

Pictures show marines fighting in Haiti and mounting a five inch gun.

COLLECTIONS BY COUNTY TREASURER

County Treasurer Duff's collections in the June collection of taxes, to date total \$12,137.08.

Taxpayers are urged to pay their taxes as soon as possible and thus avoid the usual wait at the Treasurer's office during the last few days. This also more evenly distributes the work at the County Treasurer's office, and is greatly appreciated by Treasurer Duff and his assistants.

SERIOUSLY ILL IN CAMP

Lee Shepler, son of Mr. and Mrs. John Shepler of Greenfield, formerly of this city, is seriously ill from pneumonia in the naval training camp at Newport, R. I., according to communication received by his parents a few days ago.

Mrs. Shepler went to Newport last Thursday and has since wired back that her son's condition is somewhat improved.

STATE PLACES BAN ON POTATO MEASURING BY USE OF CONTAINER

By Associated Press Dispatch.

Columbus, O., June 12.—Ohio finally is to be rid of the "stove pipe" measure by which potatoes, apples and other products have been sold in many stores and markets for years and because of use of which customers of the state have been "measured" out of many thousands of dollars.

The supreme court of the United States has just decided a case in which use of the "stove pipe" measure was at stake. The state had fought attempts to have the statutes declared unconstitutional and it won.

A "stove pipe" measure is a gallon, half peck, peck, half bushel or other size containers used for measuring vegetables and articles commonly sold by measure. There are both state and government statutes fixing the exact size of measures, but the "stove pipe" does not conform, although in cubic inches it might hold exactly the same amount of water or liquor or small grain as the prescribed measure. For instance: a uniform peck measure is supposed to be about 14 inches in diameter and seven inches deep. The "stove pipe" measures are but eight or ten inches in diameter, yet taller.

The "cheat" in them is possible because apples or other fruit or vegetables can be "stacked." Perhaps three or four apples fill the bottom. The next layer contains only three and so on, much space in the measure remaining unfilled. It is not possible to stack such food products in government measures because they are made with wide bottoms or big in diameter and shorter in height.

According to officials of the bureau of weights and measures of Ohio large numbers of the "stove pipes" were in use at one time. Fight to keep them was begun by Columbus market men in 1913. In the meantime, the state has been without authority to stop their use and the market men, the officials in charge, have sold thousands of bushels of potatoes, apples and such articles at short measure because the "stove pipes" do not hold what they are supposed to hold.

Nerv-Worth does good and good only. Composed of vegetable ingredients, it confers richest benefits and leaves not a trace of harm behind. It is truly a family tonic, blessing equally the weak, nervous, excitable infant, the worn-out veteran and men and women of all ages. Mark what George Damm, conductor on car lines at Hamilton, O., says about Nerv-Worth:

"Since I was 18 years old I have been troubled with nervous indigestion, sour stomach, bloating after eating. Gas forming on my stomach greatly interfered with my heart action. Was restless at nights and did not get much sleep. Severe headaches and was in weakened condition. My son, eight years old, was constantly complaining of misery in his stomach. Food did not digest and gas would come up in his throat and choke him. I am glad to say that Nerv-Worth sunshine is in my home today, as the boy and myself have gotten rid of all our ailments through using Nerv-Worth. I am a street car conductor and now fill my position regularly, cheerfully and feel fine. I certainly recommend Nerv-Worth to any one troubled as we were."

Given Life Sentence.

Gallipolis, O., June 12.—John Millikan, a negro, pleaded guilty to a charge of first degree murder here and was given a life sentence in the penitentiary. He was charged with killing two negroes.

Two Killed in Auto Crash.

Mansfield, O., June 12.—Edward Reister and John Fitzgerald of Crestline were killed and Deforest Fish and Carlton Shaffer of Shelby were injured when Fish's big touring car turned turtle about two miles west of Gallion.

Crashed into a Freight.

Marion, O., June 12.—John and the southbound Hocking Valley passenger train No. 26 crashed into a freight train near the Union station here. Fireman Russell Smuck jumped and was slightly injured. Passengers were shaken up, but none was seriously hurt.

Charge Against Boys.

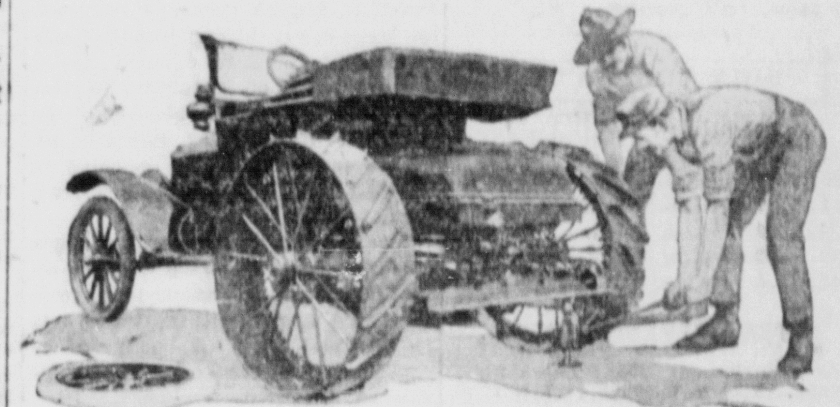

Athens, O., June 12.—John and Joseph Leonard, eleven and sixteen, Austrian youths of Salem, were brought here by detectives, who declared the boys had confessed that they placed railroad ties and heavy pieces of iron on the Baltimore and Ohio railroad tracks west of Athens.

Corn Acreage Increase.

Columbus, June 12.—Ohio's bumper crop and increased acreage agitation has not been in vain, according to N. Shaw, secretary of the board of agriculture, who said reports to him indicate that corn acreage this year is 15 per cent greater than last year and the potato acreage fully 25 per cent greater. There also is a large increase in bean acreage.

Registration in Ohio.

Columbus, June 12.—Registration in Ohio exceeded the war department estimates by more than 73,000. Final figures, which may be changed slightly later, summarized at Colonel Turner's headquarters, showed the total registration for the state to be 565,192. It is divided as follows: Whites, 451,641; colored, 25,146; aliens, 82,338; alien enemies, 6,227. A total of 291,546 claimed exemption.

Guard Doubles in Strength.

Columbus, June 12.—The Ohio national guard practically has been doubled in strength the last two months and recruiting still is flourishing. That is the report given out by Adjutant General Wood. He informed the war department that the Ohio guard units now in federal service had 11,556 men and 474 officers, a total of 12,024. Two months ago this strength was approximately 6,000.

McAdoo at Cincinnati.

Cincinnati, June 12.—Secretary of the Treasury William G. McAdoo in an address in behalf of the liberty loan at Music hall here said: "Money secured from this loan will be dedicated to the cause of justice and liberty, and the people who are forced to remain at home can do no less than lend their money to the government in order that the brave young men who go upon the battlefield may be given the best equipment that American wealth and ingenuity can supply."

RED CROSS WORKERS MUCH ENCOURAGED

The women who have been campaigning for the local chapter of the American Red Cross, during the past week, feel much encouraged over the results of the work done thus far in the city and county.

Business men of Washington have shown the women every courtesy. The Frank L. Stutson Company furnished the large flag that hung over the booth last week; Leo Katz donated shelter for the booth on Saturday, so that the work was not hindered by the rain; H. R. Rodecker will give all profits from the stamp machine in the post office lobby, to the Red Cross fund.

The opening day at the Chautauqua will be called Red Cross Day and all receipts from single admissions over a stipulated amount will be turned over to the local work. A booth will be opened at the tent and memberships will be solicited.

The committees on duty at the booth today were: Mrs. R. C. Hunt and Mrs. Elmer Klever, from 10 a. m. until noon; Miss Emma Jackson and Mrs. Carry Persinger until 2 p. m.; Mrs. W. M. Mitchner and Mrs. R. R. Kibler from 2 to 5 p. m.

Mrs. Rosetta Zimmerman, Mrs. A. R. Creamer, Mrs. Alice Moorman, Miss Isabelle O'Neal, W. B. Lansing, Wiatt Blakemore, Mary Dahl, Hugh Perrill, Frank Perrill, Mrs. O. D. Smith, Mrs. J. W. LARRIMER LAUNDRY

AUTOMATIC 5201; BELL 188-W

LOCAL BOARDS WILL DECIDE

(By American Press)

Washington, June 12.—To governors of all states, Provost Marshal General Crowder sent a message asking them "to inaugurate from today a vigorous, aggressive and effective enforcement of the penal clause of the selective service law against all who have by their failure to register brought themselves under those provisions."

The penalty for failure to register on June 5 is imprisonment for a year and enforced registration, but General Crowder, immediately after registration day, recommended that local registration boards provide further opportunity for delinquents. The department of justice notified United States attorneys to release those already arrested for failure to register providing they have now registered. The period of leniency expired last night.

General Crowder has nearly completed a draft of regulations to govern exemptions and exemption boards, and expects to lay it before Secretary Baker in a few days for approval. The general believes no class should be exempted as such, but that local boards should decide on the circumstances in each individual case. He favors use of some device, such as a jury wheel, for drawing the names of those to be examined by the exemption boards. The regulations will be made public in detail after Secretary Baker and President Wilson approve them.

A few more states reported registration totals to the provost marshal's general office, but indications were that all would not be completed for nearly a week.

Among states reporting so far, Ohio stands first in the proportion of registration to the census estimate, with 113 per cent. Illinois has 104.7 per cent; Wisconsin, 104.6 per cent; New Hampshire, 102.9 per cent; North Carolina, 103 per cent; Iowa, 101.3 per cent, and Connecticut, 100.9 per cent. Washington is the lowest state, with 50.9 per cent.

Thirty-three states have sent in complete returns. They showed a total registration of 6,358,388, compared to census allotments totaling 7,063,482. The returns during the day about kept up the percentage of previous reports and predictions as to the grand total that would be shown by all the states ranged from 9,000,000 to 9,250,000.

PRIZES GIVEN TO CONTEST WINNERS

The committee on arrangements for the Pig and Poultry Club picnic to be held at the fair grounds on Thursday afternoon have announced the following prizes which will be given to the winners in the various contests:

The contestants will be divided into two classes; juniors and seniors. The winners in both divisions of the sack race will receive pocket knives; 50 yard dash, races for both the boys and girls, a box of candy; boys' potato race, sack of 25 steel marbles; girls' china egg race, box of patriotic note paper; girls' throwing contest, bottle of toilet water.

W. H. Palmer, state leader of the boys' and girls' clubs, and assistant leader, Miss Treva Kauffman, will address the picnicers during the afternoon.

The following club leaders compose the committee on arrangements: O. S. Nelson, chairman; Misses Grace Post, Alma Woodruff, Arbana Roush, Hattie Pinkerton, Maudie Cox, Mesdames Frank Haines, Bernice Allen, Margaret Barclay, Ruby Morgan, Messrs. Bruce A. King, Ralph Kneisley, Blanchard Carr, Harry Bitzer.

REVISION BOARD READY FOR WORK

The three county officials forming the Fayette County Board of Revision Auditor Pine, Treasurer, Duff and President of the Board of county commissioners, Louis Perrill, organized for the work before them, Monday afternoon, Mr. Perrill being chosen president, and Mr. Pine clerk, the latter by virtue of his duties as auditor.

All tax return will be examined by the board, and values placed on all new buildings. The board will be in session until January 1st.

THE WOMAN'S GUILD.

The Woman's Guild of the Presbyterian church will be entertained at the home of Mrs. Harley Wilkin, Wednesday afternoon at 2 o'clock. The assisting hostesses will be, Mrs. Frank Fullerton, Mrs. James Crawford, Mrs. Josephine Kerr, Mrs. J. F. Adams, Mrs. Jess Persinger, Mrs. Howard Allen.

Efficiency of Yankee Nurses Evokes High Praise Abroad

AMERICAN NURSES IN LONDON

Everything American is in the highest favor nowadays in England, and the women and men who have gone and are going over to help in the common cause, in whatever manner, meet with most cordial friendship. Especially is this true of the medical men, the nurses, aviators, etc., have no cause of complaint. The young women who rode in the bus shown in the picture were cheered whenever and wherever they were recognized as members of the nurses' corps on their way to the battlefields in Belgium and France. A message received in America called the "America's first contribution to the military forces of the allies." They are seen here leaving the railroad station for their hotel. Their leader

MISS GRACE ALLISON

or matron is Miss Grace Allison, who is pictured also.

English and French military authorities of the highest rank have testified to the worth of American nurses. Care is taken on this side to send only properly qualified young women with American hospital training and experience of the best kind.

RADICAL CHANGES IN INCOME TAX

(By American Press)

Washington, June 12.—Radical changes in the income tax section of the house war tax bill, previously agreed to tentatively, were finally approved by the senate finance committee. The retroactive tax on 1916 incomes, designed to raise \$108,000,000, and the so-called Lenroot amendments, increasing surtaxes on incomes of more than \$40,000, to bring in about \$66,000,000, were stricken out.

A proposal by Senators Penrose and Lodge for further reduction of surtaxes on incomes over \$40,000 is pending.

Important amendments regarding income taxation of corporations, stock dividends and receipts from subsidiary corporations were adopted. Stock dividends, the committee proposes, shall be taxed on the amount of earnings or profits so distributed. In accordance with the present treasury department practice.

To prevent double income taxation of corporation profits, it was decided to exempt from taxation incomes received by a holding or other corporation from another corporation upon which the income tax has once been paid. This change has been urgently advocated by representatives of corporations.

Formal approval was given an amendment to repeal the present special tax of 12½ per cent upon war munitions. This had been informally agreed to on the ground that munitions manufacturers must pay the proposed increased income and excess profits taxes.

UP TO HOUSE

(By American Press)

Washington, June 12.—After two hours' bitter debate the senate, by a vote of 48 to 22, again sent the \$3,340,000,000 army and navy budget back to conference with instructions to its conferees to insist upon the \$3,000,000 appropriation for the purchase of a site for a naval operating base in Hampton Roads, which the house has rejected. The bill has already been delayed by the dispute over the amendment for about a week.

The conferees after a brief session decided again to report a disagreement over the \$3,000,000 appropriation. This puts the question up to the house again. The house last week voted to reject the appropriation which was provided in the bill in a senate amendment.

Democratic Leader Martin declared in debate that naval recruits are being sent back to their homes because the government has no mobilization ground and that sick men have died because they could not properly be quartered.

Dallas, Tex., June 12.—Fifty-five persons, most of whom are members of the Farmers' and Laborers' Protective association, were charged with seditious conspiracy against the United States government in indictments returned here by a federal grand jury. Some of those indicted already are in jail.

MURDER CHARGED

(By American Press)

Springfield, Mo., June 12.—A charge of first degree murder has been made against Dick Carter, as a suspect in the kidnapping and slaying of Baby Lloyd Keet. The charge was made by Prosecutor O'Day on Saturday night while a mob of citizens was gathered in the public square.

Private detectives, federal agents and the police of more than 100 cities have been asked to aid in capturing Carter, who is alleged to have suffocated Baby Keet by wrapping blankets around the body. Four of the six suspects, whom a mob surrounded at Stockton, Mo., and threatened with death, still are in jail at the Cedar county town. Two others, C. J. Piorol and Cletus Adams, are in jail at Kansas City. Another person, whose name has not yet been announced, is being sought by authorities. Thousands of people attended the funeral of Baby Lloyd Keet.

VETERANS MEET

(By American Press)

Akron, O., June 12.—The first business sessions of the state convention of the Grand Army of the Republic were held today. The streets were filled with visitors, from over the state. Five hundred boy scouts were on the job with a big tent near the Union station and piloted the veterans to rooms already assigned to them as fast as they arrived. The city is elaborately decorated and signs were placed directing the visitors to points where meetings were to be held.
